APPROVED CLINICS AND AGENCIES

Clinics/Agencies are organized alphabetically by name. The county in which their administrative office is located is noted in parentheses next to the Clinic/Agency name. The geographic service area is not restricted by the location of the Clinic/Agency's administrative office. Each clinic determines its geographic service area. Services are approved for on-site (the approved clinic/agnecy administrative office and/or satellite location) and /or off-site at the student's home, school or other appropriate locations not affiliated with the clinic/agency. Approved locations are indicated with an X on the clinic/agency Information Page.

Approved Clinics/Agencies are not approved to deliver all services. The approved services are specified on the Information Page of each Clinic/Agency. Prior to signing a contract for services, each approved Clinic/Agency must provide the school district with a current copy of the professional's certification and/or occupational license as wella s aproval from the New Jersey Department of Education Office of Criminal History, to ensure the provider is properly credentialed.
