

CHEMISTRY CERTIFICATE OF ELIGIBILITY WITH ADVANCED STANDING (ENDORSEMENT CODE: 2270)

Please print this page before you apply.

This endorsement entitles the holder to teach **chemistry, environmental and general science** in all public schools.

In order to be eligible for the Certificate of Eligibility with Advanced Standing (CEAS), you will need to meet the following:

Degree Requirement

- A minimum of a bachelor's degree is required from a [regionally accredited college/university](http://www.nj.gov/education/educators/license/usaccred.htm). (<http://www.nj.gov/education/educators/license/usaccred.htm>)

Cumulative GPA Requirement

- New Jersey requires that candidates for certification achieve a cumulative **GPA of at least 3.0 when a GPA of 4.00** equals an A grade for students graduating on or after **September 1, 2016 (2.75 for those graduating before September 1, 2016)** in a baccalaureate degree program, higher degree program or a State-approved post-baccalaureate certification program with a minimum of 13 semester-hour credits. Please note that a high praxis test score may offset a GPA that is lower than 3.0 but higher than 2.75. Click on the following link for more details: <http://www.nj.gov/education/educators/license/gpa.htm>

Subject Matter Preparation

- For certification as an **chemistry** teacher, current regulations require that applicants complete a minimum of 30 credits in a coherent sequence in the subject field of **chemistry**. A coherent sequence requires that at least 12 credits are completed at the advanced level of study (junior, senior or graduate level). Examples of courses accepted for **chemistry** include **biochemistry and organic chemistry**. Related courses may be accepted depending on the course description/content. Please provide a course description if a course is not taken from the **chemistry** Department. Courses in pedagogy/education are not accepted towards the subject matter preparation. The final determination as to which courses will be counted towards the **chemistry** subject matter is based on professional and content standards found in the NJ Licensing Code. **All credits must appear on a regionally accredited 2 or 4-year college/university transcript.**

Professional Teacher Preparation

- Current regulations for certification require that applicants complete a coherent sequence of study in professional education which may be completed in a provisional teacher program or an approved teacher preparation program. This is to advise that courses presented by the applicant in professional education must be a coherent sequence of courses that culminates in supervised student teaching.

Praxis II Test Requirement (2 Praxis tests)

- **Test Requirement:** Official scores must be presented directly from Educational Testing Service to the NJ Department of Education. Only official scores are accepted. **The New Jersey Department of Education code (R7666) and your Social Security number must appear on your test score report in order to be accepted.** Please go to <http://www.nj.gov/education/educators/license/1112.pdf> for testing details.
