Honorable President and
Members of the Board of Education
Cape May County Special Services School
Cape May Court House, New Jersey

Dear Board Members:

The Comprehensive Annual Financial Report (CAFR) of the Cape May County Special Services School for the fiscal year ended June 30, 2015 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: Introductory, Financial, Statistical and Single Audit. The Introductory Section includes this transmittal letter, the District's organizational chart and a list of principal officials. The Financial Section includes the basic financial statements, schedules and the Management Discussion and Analysis as well as the auditor's report thereon. The Statistical Section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations," and the state Treasury Circular Letter 04-04 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments." Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, is included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES: The Board of Education of the Cape May County Special Services School is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB). All funds of the District are included in this report. The Cape May County Special Services Board of Education and all its schools constitute the District's reporting entity.

The District provides Preschool Disabled, Behavior Disabilities, Multiple Disabilities, Cognitive Severe and Autism programs and related services for the low incident and/or moderately and severely disabled youth of Cape May County. Additionally, students are received from many surrounding counties in Southern New Jersey.

Cape Educational COMPACT is housed off campus and provides the educational program for approximately 50 students.

Average Daily Enrollment for the last five years by school and program is:

School/Program	2010-11	2011-12	2012-13	2013-14	2014-15
Ocean Academy	120.9	126.4	121.1	119.7	111.4
Alternative High School	108.6	109.0	97.1	102.8	97.6
Cape Ed. COMPACT	55.2	57.1	56.7	48.4	41.5
Preschool Disabled Full Day	6.6	14.3	16.0	13.5	12.6
Multiple Disabilities	134.8	127.3	126.6	131.2	107.6
Cognitive Severe	14.2	14.7	9.9	8.3	10.1
Autism	32.0	41.3	38.1	41.6	47.4
Behavior Disabilities	30.5	37.8	27.6	23.8	31.3

2. **ECONOMIC CONDITION AND OUTLOOK:** The 2014-15 school year ended with enrollment slightly under the budgeted level and tuition revenue in deficit of the budgeted amount. Management was responsive to this and made corresponding budgetary reductions in staffing (through attrition) and other line items. Tuition adjustments for the 2012-2013 school year were completed resulting in a net amount due from the sending districts of approximately \$169,000. We continue to closely monitor enrollment in light of the overall decline in year-round population in the County as well as the effects of the "least restrictive environment" mandate. We remain steadfast in our philosophy that we offer the optimum environment for a segment of the disabled youth of our County and surrounding areas in a cost-effective manner.

3. **MAJOR INITIATIVES:** An annual evaluation of obsolete equipment and purchase of new equipment conducive to the needs of the district in order to provide staff and students with updated technology-both hardware and software, is an ongoing initiative. Our curriculum has been aligned to the Common Core Standards and the current NJ Core Curriculum Content Standards, and as a result, curriculum materials have been evaluated and purchased. Unique Learning System, software designed to provide differentiated instruction around thematic units aligned to the standards, continues to be used in most classrooms. Mathematics, ELA, and Science materials have been purchased in order to instruct students in a manner that is aligned to the standards.

Due to the nature of our students' varied disabilities, it is crucial that staff members remain up to date on current issues and methodologies in education, therefore, the district continues to place strong emphasis on staff development for the purpose of increased student achievement. The district continues to focus on the requirements for teacher and principal evaluation systems, mentoring of new teachers, and new state assessments (PARCC and DLM).

4. **INTERNAL ACCOUNTING CONTROLS:** Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met.

The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. The District is responsible for ensuring that an adequate internal control structure is in place to ensure compliance

with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District's Management.

As part of the District's single audit described earlier, tests are made periodically to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of School Estimate of the county. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance as of June 30, 2014.

6. ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect accounting principles generally accepted in the United States of America, as promulgated by the GASB. The accounting system of the District is organized on the basis of entity-wide governmental and business type activities as well as various governmental, enterprise and fiduciary funds. These funds are explained in the "Notes to the Financial Statements," Note 1.

7. CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to Financial Statements," Note 3. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

8. RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

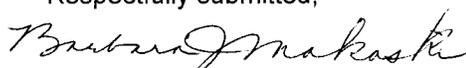

9. OTHER INFORMATION:

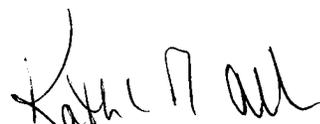

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Ford, Scott & Associates L.L.C., CPAs, was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1984 as revised and the related OMB Circular A-133 and state Treasury OMB Circular Letter 04-04. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Board of Education of the Cape May County Special Services School for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

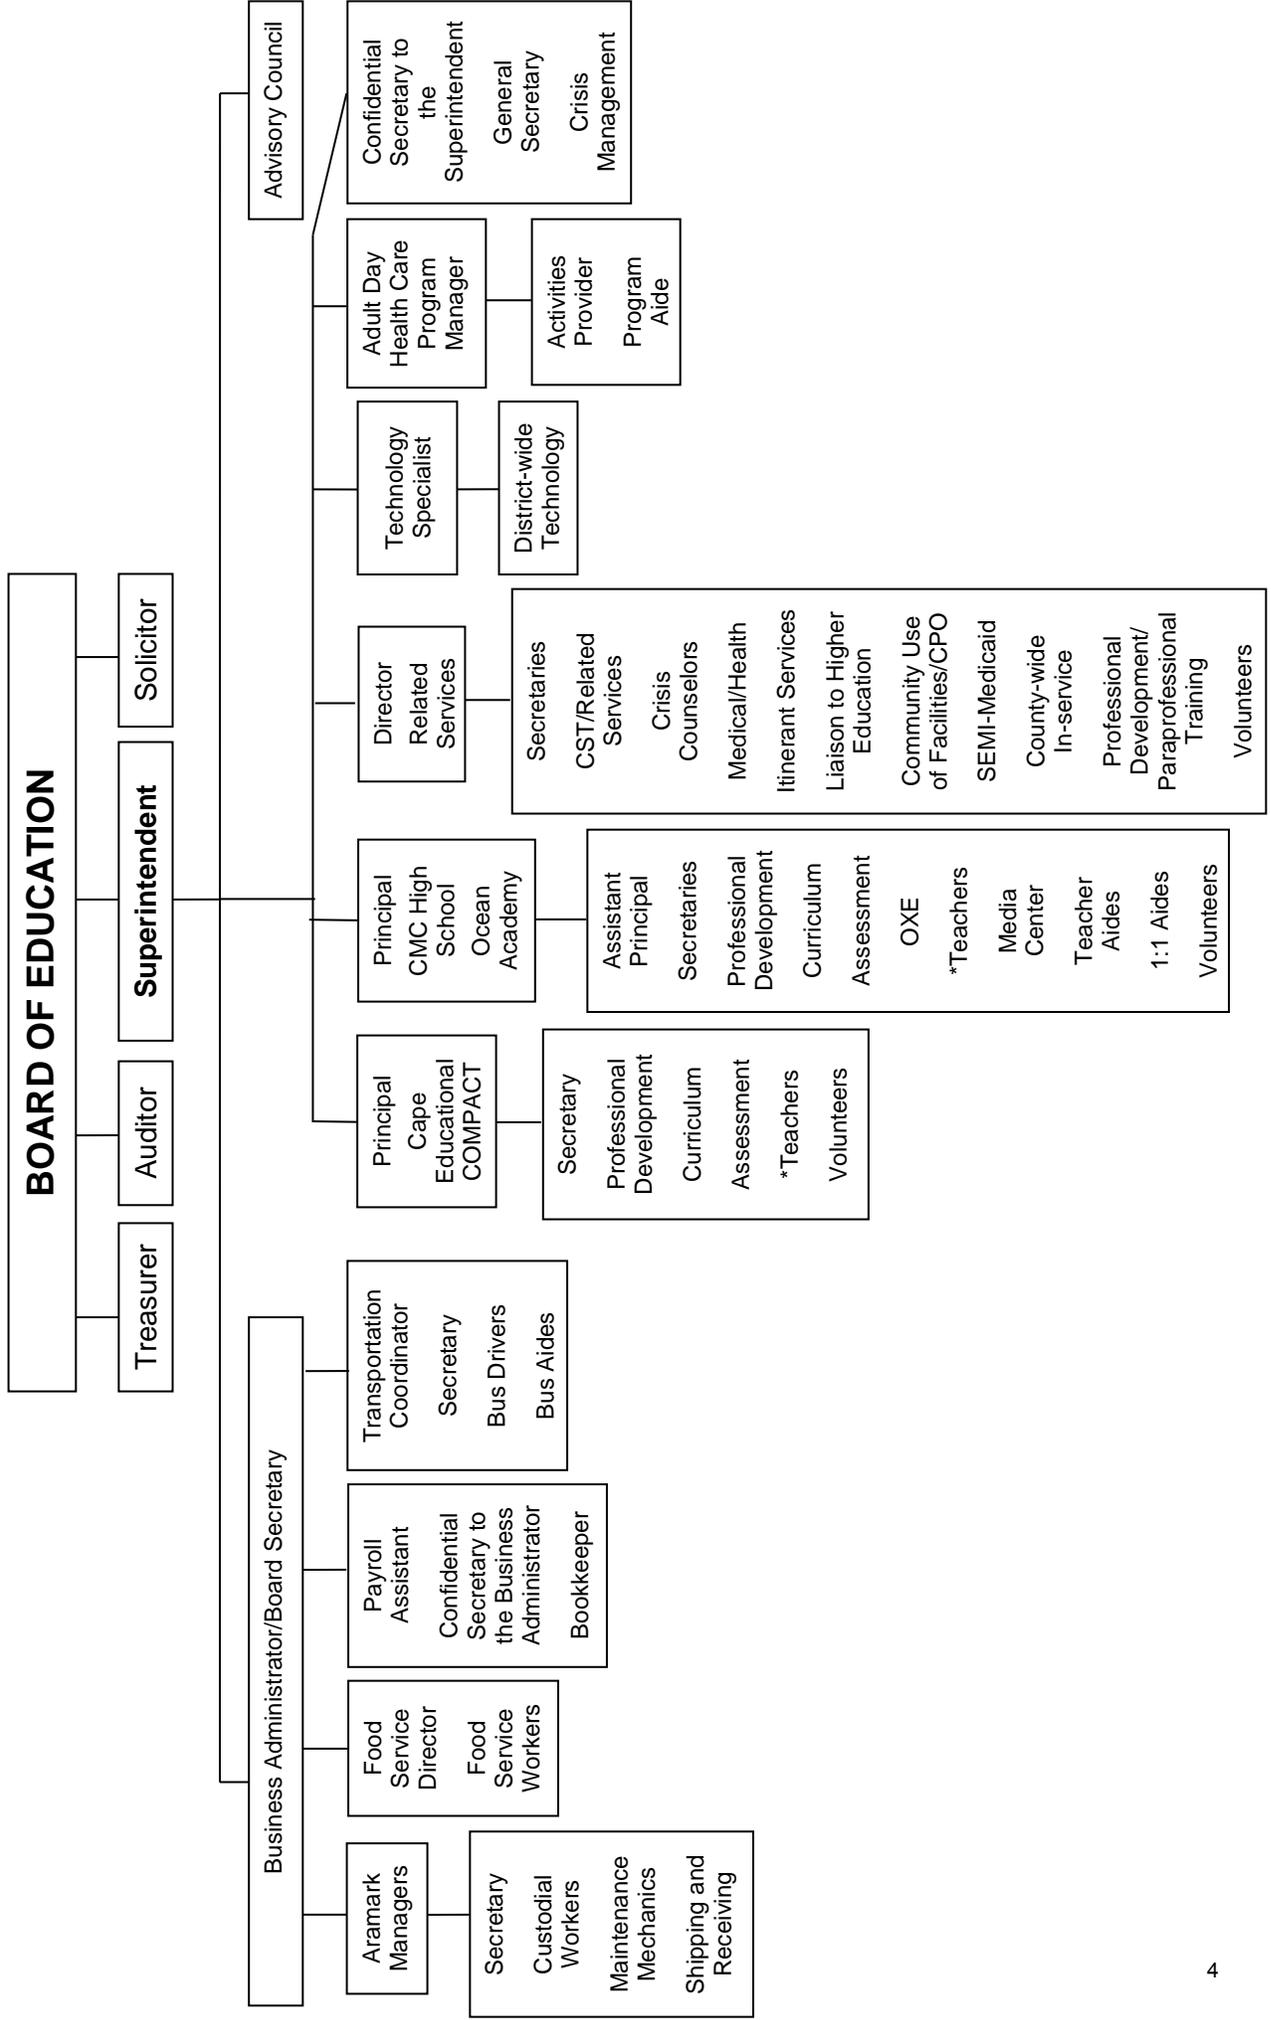

Respectfully submitted,

Independent Auditor's Report

The Honorable President and
Members of the Board of Education
Cape May County Schools for Special Services
(a component unit of the County of Cape May)
County of Cape May
Cape May Court House, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Cape May County Schools for Special Services (a component unit of the County of Cape May), State of New Jersey, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Cape May County Schools for Special Services (a component unit of the County of Cape May), in the County of Cape May, State of New Jersey, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Required Supplementary Information identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cape May County Schools for Special Services' (a component unit of the County of Cape May) basic financial statements. The combining and individual non-major fund financial statements and schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the schedule of state financial assistance as required by NJ OMB 04-04 and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, the schedule of and the schedule of state financial assistance as required by NJ OMB 04-04 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the schedule of state financial assistance as required by NJ OMB 04-04 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2015 on our consideration of the Cape May County Schools for Special Services' (a component unit of the County of Cape May) internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Cape May County Schools for Special Services' (a component unit of the County of Cape May) internal control over financial reporting and compliance.

**CAPE MAY COUNTY SCHOOLS FOR SPECIAL SERVICES
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
UNAUDITED**

The discussion and analysis of Cape May County Schools for Special Services' financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2015. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for 2015 are as follows:

- In total, net position increased by \$392,775, which represents a 7 percent increase from 2014. This increase is primarily attributed to profit on enterprise funds, specifically the Itinerant Shared Services, Shared Services Transportation, Community Use, and Extended School Year Funds.
- General revenues accounted for \$4,328,776 in revenue or 21 percent of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for \$16,604,393 or 79 percent of total revenues of \$20,933,169.
- Total assets of governmental activities increased by \$430,377 as cash and cash equivalents increased by \$381,512, receivables increased by \$29,922, and capital assets increased by \$8,714. There was no specific cause for these normal fluctuations.
- The School District had \$20,173,021 in expenses; \$16,604,393 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily the county appropriation) of \$4,328,776 were adequate to provide for these programs.
- Among governmental funds, the General Fund had \$13,200,186 in revenues and other financing sources and \$12,815,202 in expenditures and other financing uses. The General Fund's fund balance increased \$384,984 over 2014. This change was the result of an increase in tuition charges over 2014, as well as a small increase in State and Federal sources.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Cape May County Schools for Special Services as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in one column. In the case of the Cape May County Schools for Special Services, the General Fund is by far the most significant fund.

Reporting the School District as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District, as a whole looks at all financial transactions and asks the question, "How did we do financially during 2015?" The Statement of Net Position and the Statement of Activities answer this question.

**CAPE MAY COUNTY SCHOOLS FOR SPECIAL SERVICES
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
UNAUDITED**

These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net assets and changes in those assets. This change in net position is important because it tells the reader that, for the school district as a whole, the financial position of the School district have improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the County's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- **Governmental Activities** - All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- **Business-Type Activity** - This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service, Shared Services Itinerant, Shared Service Transportation, Community Use and Extended School Year enterprise funds along with several "non-major" enterprise funds are reported as a business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the School District's funds. The School District uses many funds to account for a multitude of financial transaction. The School District's governmental funds are the General Fund and Special Revenue Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School district's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The enterprise funds use the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements. The notes to the financial statements can be found in this report as shown in the table of contents.

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole. Net position may serve over time as a useful indicator of a government's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a summary of the School District's net assets for 2015 and 2014.

**Table 1
Net Position**

	2015	2014
Assets		
Current and Other Assets	\$ 5,385,200	\$ 4,557,809
Capital Assets	1,734,329	1,755,277
Total Assets	7,119,529	6,313,086
Liabilities		
Long-Term Liabilities	8,698,842	8,490,203
Other Liabilities	268,670	211,244
Total Liabilities	8,967,512	8,701,447
Net Position		
Net Investment in Capital Assets	1,734,329	1,755,277
Restricted	540,801	292,301
Unrestricted	(3,903,343)	(4,435,939)
Total Net Position	\$ (1,628,213)	\$ (2,388,361)

The District's combined net position was \$(1,628,213) on June 30, 2015. This was an increase of 32 percent from the prior year. The increase can be attributed to acquisition of capital assets offset by depreciation and increased profit in Enterprise Funds. Net position as of July 1, 2014 has been restated as required by implementation of GASB 68. Table 2 shows changes in net position for fiscal year 2015.

Governmental Activities

Charges for services (mostly tuition from sending districts) made up 52 percent of revenues for governmental activities for the Cape May County Schools for Special Services for fiscal year 2015 and 58 percent of revenues for fiscal 2014. Tuition received from sending districts and nonresident fees increased by \$419,421, which is a 6% increase from the prior year. The increase in tuition revenue can be attributed to the tuition adjustment which was a net receivable due from the districts. The District's total revenues were \$14,617,922 for the year ended June 30, 2015. The county appropriation accounted for 27 percent of revenue.

The total cost of all program and services was \$14,357,861. Instruction comprises 54 percent of District expenses and Related Services another 19%.

Cost of Programs and Services for Fiscal Year 2015

Business-Type Activities

Revenues for the District's business-type activities (food service program, two shared services programs and other enterprise funds) were comprised of charges for the various services and federal and state reimbursements.

- Food service expenses exceeded revenues, both operating and non-operating by \$84,925 prior to a contribution from the general fund of \$66,357. These amounts are similar to the prior year as anticipated
- Charges for services in the food service fund represent \$63,267 of total revenue compared to \$66,852 in the prior year. This represents amounts paid by patrons for daily food service and amount received from catering and special functions.
- Federal and state reimbursement for meals, including payments for free and reduced lunches and breakfast, and donated commodities was \$115,675 compared to \$121,018 in the prior year
- Shared Services revenues for Itinerant Services exceeded expenses by \$243,466. Shared Services revenues for Transportation Services exceeded expenses by \$63,144.
- Charges for services in the Shared Service Fund for Itinerant Services represent \$2,455,281 of revenue. This represents amounts paid by users for itinerant services of other local school districts. Charges for services in the Shared Service Fund for Transportation Services represent \$2,143,587 of revenue. This represents amounts paid by users for transportation services provided by the district.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the County taxpayers and sending districts by each of these functions.

The net cost of services in 2015 is comparable to 2014.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and Instructional Staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration, and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities involve keeping the school grounds, buildings, and equipment in an effective working condition.

The School District's Funds

All governmental funds (i.e., general fund, special revenue and capital projects fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues and other financing sources amounted to \$13,358,778 compared to \$12,655,573 in 2014. The change is directly related to an increase in tuition revenue related to a credit for prior year tuition, as well as a small increase in state and federal aid. Expenditures and other financing uses were \$12,973,794 compared to \$12,826,418 in 2014. The increase was not in any one specific area but was the result of a slight increase in costs. The net positive change in fund balance for the year was directly related to an increase in revenues.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2014, and the amount and percentage of increases and decreases in relation to prior year revenues.

**Table 4
Summary of Revenues – Governmental Funds**

Revenue	Amount	Percent of Total	Increase (Decrease) from 2014	Percent of Increase (Decrease)
Local Sources	\$ 11,678,785	87%	\$ 371,336	3%
State Sources	1,278,458	10%	105,915	9%
Federal Sources	401,535	3%	225,954	129%
Total	\$ 13,358,778	100%	\$ 703,205	6%

The increase in local revenues of \$371,336 is due to a credit of tuition for a prior year tuition adjustment.

State aid increased by \$105,915 primarily related to an increase in on-behalf TPAF pension and post retirement contributions.

Federal aid increased by \$225,954 primarily due to and increase medical assistance in the general fund.

The following schedule represents a summary of general fund, special revenue fund and capital projects fund expenditures for the fiscal year ended June 30, 2015, and the percentage of increases and decreases in relation to prior year amounts.

**Table 5
Summary of Expenditures – Governmental Funds**

Expenditures	Amount	Percent of Total	Increase (Decrease) from 2014	Percent of Increase (Decrease)
Current Expense:				
Instruction	\$ 4,741,757	37%	\$ 93,236	2%
Undistributed Expenditures	8,093,542	63%	122,677	2%
Capital Outlay	72,138	1%	(65,363)	-48%
Total	\$ 12,907,437	100%	\$ 150,550	-3%

There was no single area of change in the budget other than the reduction in on-behalf TPAF pension and post retirement expenditures.

General Fund Budgeting Highlights

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the District revised the annual operating budget several times. Revisions in the budget were made to recognize revenues that were not anticipated and to prevent over-expenditures in specific line item accounts. Several of these revisions bear notation:

- Actual tuition revenue was less than the budgeted amount by \$317,146.
- Salaries for Multiple Disabilities Teachers were decreased by approximately \$247,618.
- Non-resident fees were more than the budgeted amount by \$31,350.

Capital Assets

At the end of the fiscal year 2015, the School District had \$1,734,330 invested in land and building improvements, furniture and equipment, and vehicles. Table 6 shows fiscal year 2015 balances as compared to 2014.

of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2015

Total Net Change in Fund Balance - Governmental Funds (from B-2) \$ 384,984

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount depreciation exceeded capital outlays for the period.

	Depreciation expense	\$ (73,744)	
	Capital Outlays	<u>82,458</u>	8,714

Governmental funds report district pension contributions as expenditures. However in the Statement of Activities, the cost of pension benefits earned net of of employee contributions is reported as pension expense.

	District pension contributions - PERS	365,385	
	Cost of benefits earned net of employee contributions	<u>(407,090)</u>	(41,705)

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-); when the paid amount exceeds the earned amount, the difference is an addition to the reconciliation (+). 51,431

Internal service funds are used by management to charge the costs of certain activities, such as extra services, to individual funds or other governmental entities. The net revenue (expense) of the internal service funds is reported with governmental activities. (See B-5) (10,649)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of appointed officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The financial statements of the Board of Education (Board) of Cape May County Schools for Special Services (District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Reporting Entity

The Cape May County Schools for Special Services is a Type I District located in the County of Cape May, State of New Jersey. As a Type I District, the School District functions independently through a Board of Education. The Board is comprised of six members appointed to three-year terms, and the County Superintendent of Schools and the County Mental Health Chairperson as ex-officio members. The operations of the District include early intervention (birth-3), pre-school handicapped (ages 3-5), Ocean Academy Elementary School (ages 5-10), individuals eligible for day training (ages 4-21), George E. Bailey Middle School (ages 11-14), the Alternative High School (ages 14-21), the Woodbine Developmental Center, the Alternative Education Program and the Department of Human Services Program.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

The following organizations are considered component units; however, the School District has determined that they are not significant and, therefore, have not been included in the basic financial statements;

Cape May County Special Services Education Foundation
148 Crest Haven Road
Cape May Court House, N.J. 08210

Requests for information should be addressed to the organization listed above.

B. Basic Financial Statements – Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The District's general and special revenue activities are classified as governmental activities. The District's proprietary funds are classified as business-type activities.

In the governmental-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position are reported in three parts—invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions and business-type activities (food service). The functions are also supported by general government revenues (property taxes, tuition, certain intergovernmental revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (regular instruction, vocational programs, student & instruction related services, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property taxes, interest income, etc.).

- a. The District does allocate indirect costs such as depreciation expense, compensated absences, On-behalf TPAF Pension Contributions, and Reimbursed TPAF Social Security Contributions.

The government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities. Fiduciary funds are not included in the government-wide statements.

C. Basic Financial Statements – Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements. The State of New Jersey Department of Education has mandated that all New Jersey School Districts must report all governmental funds as major, regardless of the fund meeting the GASB definition of a major fund. However, the criteria are applied to proprietary funds.

(A Component Unit of the County of Cape May)
Notes to Financial Statements

The following fund types are used by the District:

Governmental Funds

The District reports the following governmental funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District.

General Fund - The General Fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The special revenue fund is specifically used to account for federal and state grant monies that have been allocated to the District.

Fund Balances – Governmental Funds

In the fund financial statements, governmental funds report the following classifications of fund balance:

- Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.
- Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.
- Committed – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Education.
- Assigned – includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the District's policy, amounts may be assigned by the Business Administrator.
- Unassigned – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. The District reports all amounts that meet the unrestricted General Fund Balance Policy described below as unassigned:

The details of the fund balances are included in the Governmental Funds Balance Sheet. When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the District:

**Cape May County Schools for Special Services
(A Component Unit of the County of Cape May)
Notes to Financial Statements
June 30, 2015**

Enterprise Funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designated to recover similar costs.

Internal Service Fund is treated as governmental fund for the entity-wide financial reporting. This fund is used to account for extra services provided that are over the contractual amounts.

The District reports the following proprietary fund:

Enterprise Funds - Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business operations – where the intent of the District is that the costs of providing goods or services be financed or recovered primarily through user charges.

The District's Enterprise Fund is comprised of the following;

A Food Service Fund, which accounts for all revenues and expenses pertaining to the District's cafeteria operations.

An Itinerant Shared Services Fund, which accounts for all revenues and expenses pertaining to the itinerant services provided to other districts in the state.

A Transportation Shared Services Fund, which accounts for all revenues and expenses pertaining to the transportation services provided to other districts in the state.

A Day Care/Community Use of Facilities Fund, which accounts for all revenues and expenses pertaining to the day care operations in the district provided to families in the community and which accounts for all revenues and expenses pertaining to Community Pool operations.

A Shop Rite Fund, which accounts for all revenue and expenses pertaining to the sale of goods from a Shop Rite store maintained in the school.

An Alternative Education Fund, which accounts for all revenues and expenses pertaining to the Alternative Education Program – The "Compact".

An Adult Medical Day Care Fund, which accounts for all revenues and expenses pertaining to the Over 21 Program maintained by the District.

An Extended School Year Fund, which accounts for all revenues and expenses pertaining to the extended school year program operated over the summer months.

A Business Office Services Fund, which accounts for all revenues and expenses pertaining to the outsourcing of business office functions to other local education associations.

Internal Service Fund - Internal Service funds are used to charge costs for certain activities to individual funds or other governmental entities. The District's internal service fund is comprised of charges for additional related services over contractual amounts.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net position and changes in net position, and is reported using accounting principles similar to proprietary funds.

The District's fiduciary funds are presented in the fiduciary fund financial statements by type (pension, private purpose and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.), and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

All fund internal activity is eliminated when carried to the Government-wide statements.

D. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1. Accrual:

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual:

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

E. Financial Statement Amounts

1. Cash and Cash Equivalents:

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

NJSA 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan

**Cape May County Schools for Special Services
(A Component Unit of the County of Cape May)
Notes to Financial Statements
June 30, 2015**

institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental units.

2. Investments:

Investments, including deferred compensation and pension funds, are stated at fair value, (quoted market price or the best available estimate). Interest earned on investments in the Capital Projects Fund is recognized as a reserve to pay future debt service or transferred to the general fund.

3. Inventories:

Inventories in the general fund consist of expendable supplies held for the District's use and are carried at cost using the first-in, first-out method. Inventories in the enterprise fund are valued at cost, which approximates market, using the first-in, first –out method. As of June 30, 2015, the District did not have inventory in the general fund and had the following inventory in the enterprise fund:

Food	\$	4,741
Supplies		<u>925</u>
	\$	<u><u>5,666</u></u>

The value of Federal donated commodities is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements. The value of commodities included in the food inventory on June 30, 2015 is \$762.

4. Capital Assets:

Capital assets purchased or acquired with an original cost of \$2,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 years
Machinery and equipment	5-10 years
Improvements	10-20 years
Infrastructure Assets	50-65 years

Infrastructure assets include roads, parking lots, underground pipe, etc. The District includes all infrastructure assets as depreciable assets in the financial statements.

5. Revenues:

Substantially all governmental fund revenues are accrued. The Districts primary source of revenue is a line item appropriation in the annual County of Cape May budget. The District records the entire approved appropriation as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. Subsidies and grants to proprietary funds, which finance either capital or current operations, are reported as non operating revenue. In respect to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and unearned revenue by the recipient. Program revenues, including tuition revenue are reported as reductions to expenses in the statement of activities.

6. Expenditures:

Expenses are recognized when the related fund liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

7. Compensated Absences:

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

In governmental and similar trust funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as both an expenditure and a fund liability in the fund that will pay for the compensated absences. The remainder of the compensated absences liability is reported in the District-wide Financial Statements as a Governmental Activity.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability of the fund that will pay for them.

8. Interfund Activity:

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related costs as reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

9. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general and special revenue funds. The budgets are submitted to the county office for approval and then to the Board of School Estimates for approval. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:23-2(g). Transfers of appropriations may be made by School Board resolution at any time during the fiscal year and are subject to two-thirds majority vote by the School Board and under certain circumstances require approval by the County Superintendent of Schools.

Significant transfers approved by the Board of Education during the fiscal year were as follows:

Special Education - Behavioral Disabilities	
Salaries of Teachers	65,006
Special Education - Multiple Disabilities	
Salaries of Teachers	(195,065)
Special Education - Multiple Disabilities	
Other Salaries for Instruction	(52,553)
Special Education - Autism

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payments for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

10. Tuition Receivable:

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined. The final cost is based on a determination by the State of New Jersey Department of Education pursuant to the provisions of NJAC 6A:23-17.1.

11. Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those results.

12. Allocation of Costs:

In the government-wide statement of activities, the District has allocated unallocated benefits to various programs based on the budgetary expenditures by program.

13. Pensions:

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Pension and Annuity Fund (TPAF) and Public Employee Retirement System (PERS) and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the TPAF and PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

F. Recent Accounting Changes

In February 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 72, "Fair Value Measurement and Application". This statement, which is effective for fiscal periods beginning after June 15, 2015, will not have any effect on the District's financial reporting.

In June 2015, the Governmental Accounting Standards (GASB) issued Statement No. 73, "Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68". This statement, which is effective for fiscal periods beginning after June 30, 2016, will not have any effect on the District's financial reporting.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 74, "Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans". This statement, which is effective for fiscal periods beginning after June 30, 2016, establishes new accounting and financial reporting requirements for OPEB plans. It is anticipated that this statement will not have any effect on the District's financial reporting.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". This statement is effective for fiscal periods beginning after June 30, 2017. Although not determinable, the impact of this statement on the net position of the entity is anticipated to be significant.

NOTE 2 – CASH AND CASH EQUIVALENTS AND INVESTMENTS

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the School District's deposits might not be recovered. Although the School District does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act. Of the School District's bank balance of \$4,852,276 of June 30, 2015, \$105,271 was uninsured and uncollateralized.

NOTE 3 – CAPITAL RESERVE ACCOUNT

A capital reserve account was established by Board of Education by the inclusion of \$1.00 on October 17, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the Board of School Estimates has been obtained. Pursuant to N.J.A.C. 6:23A-5.1(d) 7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its LRFP.

Interest earnings	225
	<hr/>
Ending balance , June 30, 2015	<u><u>\$ 110,426</u></u>

The June 30, 2015 LRFP balance of local support costs of uncompleted capital projects at June 30, 2015 is greater than \$110,426.

NOTE 4 – MAINTENANCE RESERVE

A maintenance reserve account was established by the Board for the accumulation of funds for use as required maintenance expenditures in subsequent fiscal years. The maintenance reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

The activity of the maintenance reserve for the fiscal year is as follows:

Beginning balance, July 1, 2014	\$ 180,310
Increased by:	
Interest earned	65
Transfer by Board Resolution	250,000

NOTE 6 – INTERFUND TRANSFERS AND BALANCES

Transfers between funds are used to (1) repay expenses paid by another fund; and (2) make a permanent contribution to the Enterprise Funds or (3) loan monies to other funds.

The following interfund balances remained on the fund financial statements at June 30, 2015:

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	\$ 136,402	
Food Service Fund		136,402
Total	<u>\$ 136,402</u>	<u>136,402</u>

The general fund receivable relates to \$105,400 owed to the general fund, which the food service enterprise fund received to pay food service charges. It is not anticipated that this interfund will be cleared in the current fiscal year. The remaining receivable of \$31,002 is owed to the general fund from the internal service fund that is used to account for extra services provided that are over the contractual amounts.

NOTE 10 – PENSION PLANS

Description of Plans

All required employees of the District are covered by either the Public Employees' Retirement System, the Teachers' Pension and Annuity Fund or the Defined Contribution Retirement Program which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of the Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625 or the reports can be accessed on the internet at:

Notes to Financial Statements
June 30, 2015**

Teachers' Pension and Annuity Fund (TPAF)

The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost sharing multiple employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost sharing, multiple employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state administered retirement system or other state or local jurisdiction.

Defined Contribution Retirement Program (DCRP)

The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2008 under the provisions of Chapter 92, P.L. 2008 and Chapter 103, P.L. 2008 (N.J.S.A. 43:15C-1 et seq.). The DCRP is a cost sharing multiple employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N. J.S.A. 43:15C-1 et. seq.

Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The current TPAF rate is 6.9% and the PERS rate is 6.9% of covered payroll. The School District's contributions to TPAF for the years ending June 30, 2015, 2014 and 2013 were \$323,660, \$248,145 and \$404,552 respectively, and paid by the State of New Jersey on behalf of the Board, equal to the required contributions for each year. The School District's contributions to PERS for the years ending June 30, 2015, 2014 and 2013 were \$365,385, \$329,852 and \$372,831 respectively, equal to the required contributions for each year.

During the fiscal years ended June 30, 2015, 2014 and 2013, the State of New Jersey contributed \$513,811, \$406,866, and \$457,446, respectively, to the TPAF for post-retirement medical benefits on behalf of the Board. Also, in accordance with NJSA 18A:66-66 the State of New Jersey reimbursed the Board \$415,995, \$429,281, and \$442,124, during the same fiscal years for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts, which are not required to be budgeted, have been included in the financial statements, and the combining and individual fund and account group statements and schedules as revenues and expenditures in accordance in GASB standards.

**Cape May County Schools for Special Services
(A Component Unit of the County of Cape May)
Notes to Financial Statements
June 30, 2015**

For the DCRP, members contribute at a uniform rate of 5.5% of their base salary. Employers are required to contribute at a set rate of 3.0% of base salary. There were no employees enrolled in the DCRP for the year ended June 30, 2015.

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:3B and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation

Chapter 78, P.L. 2011, effective June 28, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Teacher's Pension and Annuity Fund (TPAF) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS and TPAF hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of $\frac{1}{4}$ of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the systems is increased from age 63 to 65 for Tier 5 members.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years. For fiscal year 2013, the member contribution rates increased in October 2012. The phase-in of the additional incremental member contribution rates for PERS members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.
- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS, and employer contributions to the retirement systems.

**Cape May County Schools for Special Services
(A Component Unit of the County of Cape May)
Notes to Financial Statements
June 30, 2015**

Also, Chapter 1, P.L. 2010 changed the membership eligibility criteria for new members of PERS and TPAF from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS and TPAF to 1/60th from 1/55th, and it provided that new members of PERS and TPAF have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS and TPAF will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. The law also requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal years 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS and TPAF with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

NOTE 11: PUBLIC EMPLOYEES RETIREMENT SYSTEM

At June 30, 2015, the District reported a liability of \$8,298,309.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2014, the District's proportion was 0.0443221000%, which was an increase of 1.24% from its proportion measured as of June 30, 2013.

For the year ended June 30, 2015, the District recognized pension expense of \$407,090.00. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expended and actual experience		
Changes of assumptions	\$ 348,919	
Net difference between projected and actual earnings on pension plan investments		494,534
Changes in proportion and differences between District contributions and proportionate share of contributions		-

\$365,385.00 reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date (June 30, 2014) will be recognized as a reduction of the net pension liability in the year ended June 30, 2015. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,		
2016	\$	(50,742)
2017	\$	(50,742)
2018	\$	(50,742)
2019	\$	(50,742)
2020	\$	39,827
Thereafter	\$	17,524
Total	\$	<u>(145,615)</u>

Actuarial Assumptions

The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation of July 1, 2013, which was rolled forward to June 30, 2014. The total pension liability for the June 30, 2013 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following assumptions, applied to all period in the measurement:

Inflation rate	3.01%
Salary increases:	
2012-2021	2.15% - 4.40% (based on age)
Thereafter	3.15% - 5.40% (based on age)

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) with adjustments for mortality improvements from the base year of 2012 based on Projections Scale AA.

The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011.

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2014 are summarized in the following table:

Discount Rate

The discount rate used to measure the total pension liability was 5.39% and 5.55% as of June 30, 2014 and 2013, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.29% and 4.63% as of June 30, 2014 and 2013, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 5.39%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (4.39%) or 1-percentage point higher (6.39%) than the current rate:

	1% Decrease (4.39%)	Current Discount Rate (5.39%)	1% Increase (6.39%)

NOTE 12. TEACHERS' PENSION AND ANNUITY FUND (TPAF)

At June 30, 2015, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$	-
State's proportionate share of the net position liability associated with the District		<u>31,350,599</u>
Total	<u>\$</u>	<u>31,350,599</u>

The net pension liability was measured as of June 30, 2014 and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2014, the District's proportion was 0.00%, which was a decrease of 0.00% from its proportion measured as of June 30, 2013.

For the year ended June 30, 2015, the District recognized pension expense of \$1,686,957 and revenue of \$1,686,957 for support provided by the State. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to TPAF from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expensed and actual experience	\$ -	12,799
Changes of assumptions	1,343,801	
Net difference between projected and actual earnings on pension plan investments		3,011,456
Changes in proportion and differences between District contributions and proportionate share of contributions		48,882
District contributions subsequent to the measurement date	<u>\$ 323,660</u>

\$323,660.00 reported as deferred outflows of resources related to pensions resulting from district contributions subsequent to the measurement date (June 30, 2014) will be recognized as a reduction of the net pension liability in the year ended June 30, 2015. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,		
2016	\$	415,894
2017	\$	415,894
2018	\$	415,894

2020	\$	(969,403)
Thereafter	\$	(2,423,508)
Total	\$	<u>(1,729,336)</u>

Actuarial assumptions. The total pension liability in the June 30, 2014 actuarial valuation was determined using the following assumptions, applied to all period included in the measurement:

Inflation Rate	2.50%
Salary increases	
2012-2021	Varies based on experience
Thereafter	Varies based on experience
Investment rate of return	7.90%

Mortality rates were based on the RP-2000 Health Annuitant Mortality Table for Males or Females, as appropriate with adjustments for mortality improvements based on Scale AA from the base year of 2000 until the valuation date plus 15 years to account for future mortality improvement. Post-retirement mortality improvements for non-disabled annuitants are projected using Scale AA from the base year of 2000 for males and 2003 for females until the valuation date plus 7 years to account for future mortality improvement.

The actuarial assumptions used in the July 1, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2012.

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2014 are summarized in the following table:

Discount rate. The discount rate used to measure the total pension liability was 4.68% and 4.95% as of June 30, 2014 and 2013, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.29% and 4.63% as of June 30, 2014 and 2013, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2027. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2027, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

NOTE 13 – POST-RETIREMENT BENEFITS

The School District contributes to the New Jersey State Health Benefits Program (“the SHBP”), a cost sharing multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP provides medical, prescription drug, mental health/substance abuse and Medicare Part B reimbursement to retirees and their covered dependents. The State Health Benefits Program is found in the New Jersey Statutes Annotated, Title 52, Article 17.25 et seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. The Division of Pension and Benefits issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2008, C. 103 amended the law to eliminate the funding and payment of post-retirement medical benefits for retired state employees through TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired state employees and retired educational employees. As of June 30, 2012, there were 97,661 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126 which provides free health benefits for members PERS and the Alternative Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$165.8 million toward Chapter 126 benefits for 18,122 eligible retired members in Fiscal Year 2014. The State also makes on-behalf payments for Teacher Pension and Annuity Program retirees for health benefits. The on-behalf amount paid by the State of New Jersey in fiscal year 2015 was \$513,811.

NOTE 14 – COMPENSATED ABSENCES

The District accounts for compensated absences (e.g., unused vacation, sick leave) as required by GASB standards. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

**Cape May County Schools for Special Services
(A Component Unit of the County of Cape May)
Notes to Financial Statements
June 30, 2015**

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy and negotiated contracts. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement, employees are paid by the District for unused sick leave in accordance with the District's negotiated contracts with administrators and various employee unions.

In the District-Wide Statement of Net Assets, the liabilities whose average maturities are greater than one year should be reported in two components – the amount due within one year and the amount due in more than one year.

NOTE 15 – DEFERRED COMPENSATION

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

- TPAF Tax Shelters
- MetLife
- Thomas Seely Agency, Inc.
- Lincoln Tax Shelters
- Travelers Tax Shelters
- Siracusa Tax Shelters
- Safeco Tax Shelters

NOTE 16 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability and surety bonds.

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State.

The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and prior year:

<u>Fiscal Year</u>	<u>District Contributions</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>

NOTE 17 – CONTINGENT LIABILITIES

Federal and State Grants

The District participates in a number of federal and state grant programs. The grant programs are subject to program compliance audits by the grantors or their representatives. The District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance would result in the disallowance of program expenditures.

NOTE 18 – ECONOMIC DEPENDENCY

The District receives support from federal government and from the state governments through local school districts. A significant reduction in the level of support, if this were to occur, would have an effect on the District's programs and activities.

NOTE 19 – FUND BALANCE APPROPRIATED

General Fund – Of the \$1,747,830 General Fund fund balance, at June 30, 2015, \$246 is reserved for encumbrances; \$430,375 is reserved as Maintenance Reserve in accordance with the Educational Facilities Construction and Financing Act (EFCFA) (N.J.S.A. 18A:7G-9) as amended by P.L. 2004, c. 73 (S1701), \$110,426 has been reserved in the Capital Reserve Account; \$0 has been appropriated and included as anticipated revenue for the year ending June 30, 2016; and \$1,206,783 is classified and Unassigned.

NOTE 20 – CALCULATION OF EXCESS SURPLUS

In accordance with N.J.S.A. 18A:46-31, an undesignated fund balance of 10 percent of the general fund budget may be maintained. The New Jersey Department of Education calculates the District's excess surplus using audited information and subsequently adjusts tuition rates and the cost per pupil for these calculations.

NOTE 21 – DEFICIT IN NET POSITION – ENTERPRISE FUNDS

The Food Services Enterprise Fund has a cumulative deficit in net positions of \$82,981 as of June 30, 2015. This deficit will either be provided for in the 2015-16 budget or made up through operations.

Single Audit Section

K-1 INDEPENDENT AUDITOR'S REPORT

Honorable President and
Members of the Board of Education
Cape May County Schools for Special Services School District
(a component unit of the County of Cape May)
Cape May Court House, New Jersey

We have audited the basic financial statements of the Board of Education of the Cape May County Schools for Special Services School (a component unit of the County of Cape May), State of New Jersey, as of and for the fiscal year ended June 30, 2015, and have issued our report thereon dated November 30, 2015. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements presented by the Division of Finance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Cape May County Schools for Special Services' (a component unit of the County of Cape May) control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of Cape May County Schools for Special Services' (a component unit of the County of Cape May) internal control. Accordingly, we do not express an opinion on the effectiveness of District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Cape May County Schools for Special Services (a component unit of the County of Cape May) basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements prescribed by the Division of Finance, Department of Education, and State of New Jersey.

This report is intended for the information of the management of the Cape May County Schools for Special Services School District Board of Education (a component unit of the County of Cape May), the New Jersey State Department of Education (the cognizant audit agency), other state and federal awarding agencies and pass-through entities, and is not intended and should not be used by anyone other than these parties.

K-2 INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of Board of Education
Cape May County Schools for Special Services
(a component unit of the County of Cape May)
Cape May Court House, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Board of Education of the Cape May County Schools for Special Services (a component unit of the County of Cape May), State of New Jersey compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the New Jersey *OMB State Grant Compliance Supplement* that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2015. The Board of Education of the Cape May County Schools for Special Services' (a component unit of the County of Cape May) major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Cape May County Schools for Special Services (a component unit of the County of Cape May) major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey OMB 04-04. Those standards, OMB Circular A-133 and NJ OMB 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Cape May County Schools for Special Services (a component unit of the County of Cape May) compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Cape May County Schools for Special Services (a component unit of the County of Cape May) compliance.

Opinion on Each Major Federal and State Program

In our opinion, the Cape May County Schools for Special Services (a component unit of the County of Cape May) complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2015.

Report on Internal Control over Compliance

Management of the Cape May County Schools for Special Services (a component unit of the County of Cape May) is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Cape May County Schools for Special Services' (a component unit of the County of Cape May) internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and NJ OMB 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Cape May County Schools for Special Services' (a component unit of the County of Cape May) internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**Cape May County Schools for Special Services
(A Component Unit of the County of Cape May)
Notes to Schedules of Expenditures of Federal Awards and
State Financial Assistance
June 30, 2015**

NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance present the activity of all federal and state award programs of the Board of Education, Cape May County Schools for Special Services. The Board of Education is defined in Note 1(A) to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary of accounting with the exception of programs recorded in the enterprise funds, which are presented using the accrual basis of accounting. These bases of accounting are described in Notes 1(C) and 1(D) to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas GAAP reporting, revenue is not recognized until the subsequent year or when the expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$0 for the general fund and \$30 for the special revenue fund. See *Notes to Required Supplementary Information* for a reconciliation of the budgetary basis to the GAAP basis of accounting for the general fund and special revenue fund. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as follows:

	Federal	State	TPAF Pension	Total
General Fund	\$ 323,018	\$ 1,253,466	\$ (837,471)	\$ 739,013
Special Revenue Fund	78,517	24,992		103,509

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER

Revenues and expenditures reported under Food Distribution Program represent current year value received and current year distributions, respectively. The amount reported as TPAF Pension and TPAF post-retirement contributions represents the amount paid by the State on behalf of the District for the year ended June 30, 2015. These amounts, \$323,660 and \$513,811 respectively are reported in the basic financial statements as both a revenue and expenditure of the District. These amounts are not reported on the schedule of state financial assistance and were not considered for major program determination. TPAF social security contributions represent the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the year ended June 30, 2015. This amount, \$415,995 is reported in the basic financial statements as both a revenue and expenditure of the District. This amount is reported on the schedule of state financial assistance.
