## **Administrative Findings – Financial, Compliance and Performance**

### Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and the Treasurer of School Moneys, the activities of the Board of Education and the records of the various funds under the auspices of the Board of Education.

### **Administrative Practices and Procedures**

#### Insurance

Insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the district's CAFR.

#### Official Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Edward J. Deptula	Board Secretary/Business Administrator	5,000.00
Kenneth Sesholtz	Treasurer of School Money	350,000.00

Treasurer of School Moneys was bonded in accordance with provisions of Title 18A:17-32 within the minimum limits of State Board promulgated schedules.

There is a Blanket Employee Dishonesty Coverage with the Selective Insurance Company covering all other employees with multiple coverage of \$100,000.00

#### Tuition Charges

The provisions of N.J.A.C. 6A:23-3.1 (f)3 were not applicable.

### **Financial Planning, Accounting and Reporting**

#### Examination of Claims

Claims paid during the period under review were examined on a test basis to determine that they are submitted on Board vouchers, itemized, signed by the officials as to approval for payment, endorsement for receipt of materials, allocated to the proper accounts, charged to the proper fiscal period and in agreement with bill list set forth in the approved minutes of the Board.

The review and inquiry indicate good scrutiny on the part of the Board and Board Officials regarding expenditures.

## Financial Planning, Accounting and Reporting (Continued)

### Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and the Board's required payroll contributions were deposited in the Payroll agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary.

Salary withholdings were promptly remitted to the proper agencies.

An inquiry and subsequent review of the Position Control Roster found no inconsistencies between the payroll records, employee benefit records (e.g. pension reports and health benefit coverage reports), the general ledger accounts to where wages are posted (administrative versus instruction), and the Position Control Roster.

### Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable.

### Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2 (f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed no errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

### **T.P.A.F. Reimbursement**

Our audit procedures included a test of the amount claimed for reimbursement filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

## **School Purchasing Programs**

### **Contracts and Agreements Requiring Advertisement for Bids**

Effective April 17, 2000, N.J.S.A. 18A:18A (Public School Contracts Law) was revised by P.L. 1999, c. 440 (originally known as Assembly bill No. 35190). The associated rules were drafted by the Division of Local Government Services in the Department of Community Affairs, with consultation from the Commissioner of Education.

Effective July 1, 2013 and thereafter the bid in accordance with N.J.S.A. 18A:39-3 (Transportation) is \$18,300.00.

Effective July 1, 2010 and thereafter the bid threshold in accordance with N.J.S.A. 18A:18A-3 (as amended) is \$26,000.00 or \$36,000.00 with a Qualified Purchasing Agent

In accordance with N.J.S.A. 18A:18A-3.a., The Board of Education has increased the bid threshold to \$36,000.00 effective July 14, 2010.

It is pointed out that the Board of Education has the responsibility of determining whether the commitments and expenditures are in compliance with the statutes and, where question arises as to whether any contract or agreement might result in violation of these statutes the Board attorney's opinion should be sought before commitment is made.

## **School Purchasing Programs (Continued)**

### **Contracts and Agreements Requiring Advertisement for Bids (Continued)**

Inasmuch as the system of records is not required to provide and therefore did not provide for an accumulation of payments by categories for the performance of any work or the furnishings or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed. None were disclosed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the provision or performance of any goods or services," in excess of the statutory limit where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records is not required to provide and therefore did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal however, that the following purchases were made through the use of State contracts: computer hardware and software, computer supplies, media equipment and Pick-up truck.

### **School Food Service**

The financial transactions and statistical records of the school food service fund were maintained in satisfactory condition. The financial accounts, meal count records and eligibility applications were reviewed on a test check basis.

The number of meals claimed for reimbursement were verified against sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement vouchers were properly computed and filed timely.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced priced meal is uniformly administered throughout the school system. The required verification procedures for free and reduced price applications was completed and available for review.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

### **School Food Service (Continued)**

The cash disbursements records reflected expenditures for program related goods and services.

The District utilizes a food service management company(FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1.

Provisions of the FSMC contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will break even. The operating results provision has been met.

The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three months average expenditures.

The food service management company had a service audit performed in accordance with AICPA Statement on Auditing Standards (SAS) #70, as amended by SAS #88 (effective February, 2000).

Food Distribution Program commodities were received and a separate inventory was maintained on a first-in, first-out basis.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Proprietary Funds (Exhibits B-4, B-5, B-6).

### **Student Activity Funds**

A cash receipts and disbursement records were maintained in satisfactory condition.

All receipts were promptly deposited in the bank.

Payment authorizations were presented for audit and vendor invoices were available for examination.

The Board adopted a formal board policy that all financial and bookkeeping controls are adequate to ensure appropriate fiscal accountability and sound business practices.

### **Athletic Account**

A cash receipts and disbursement records was maintained in satisfactory condition.

All receipts were promptly deposited in the bank.

Bills and invoices were available for comparison with the cash disbursements record.

### **Application for State School Aid**

Our audit procedures included a test of information reported in the October 15, 2014 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the disabled, low-income and bilingual education. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers without exception. The information that was included on the workpapers was verified without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

### **Pupil Transportation**

Our audit procedures included a test of on roll status reported in the 2014-2015 District Report of Transported Resident Student (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

### **Facilities and Capital Assets**

Our review of the prior years' SDA grant agreement disclosed that the recording of SDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction were performed subsequent to the authorization of the agreements by the SDA.
