ADMINISTRATIVE FINDINGS - FINANCIAL, COMPLIANCE AND
PERFORMANCE REPORTING**

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and Treasurer of School Moneys, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Insurance coverage was carried in the amounts as detailed on Exhibit J-13, Insurance Schedule contained in the District's CAFR.

Official Bonds

<u>Name</u>	<u>Position</u>	<u>Amount</u>
Kim Jensen	Board Secretary/School Business Administrator	\$100,000.00
Crime Insurance		\$500,000.00

Tuition Charges

The District did not have any tuition students during the 2011-2012 and 2012-2013 school year where an adjustment would have been required for the 2014-2015 school year. Therefore, no comparison was made of tentative tuition charges and actual certified charges.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period under review did not indicate any material discrepancies with respect to signatures, certification or supporting documentation.

Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were promptly remitted to the proper agencies.

Employee Position Control Roster

An inquiry and subsequent review of the Position Control Roster found no inconsistencies between the payroll records, employee benefit records, the general ledger accounts to where wages are posted, and the Position Control Roster.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30 for proper classification of orders as reserve for encumbrances and accounts payable. No exceptions were noted.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with *N.J.A.C. 6A:23-2.2(g)* as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with *N.J.A.C. 6A:23A-2.4*. As a result of the procedures performed, no errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

The financial records, books of account and minutes were presented to us by the Secretary for audit and were complete.

Treasurer's Records

There were no items noted during our review of the Treasurer's records.

Elementary and Secondary School Improvement Act of 1988 (E.S.E.A.)/Improving America's Schools Act (IA) as reauthorized by the No Child Left Behind Act of 2001

The E.S.E.A./NCLB financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the projects under Title I, Title II, Title IV, V and Title VI of the Elementary and Secondary Education Act as Amended.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for district employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The reimbursement to the State for the amount of the expenditure charged to the current year's Final Report for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made subsequent to the end of the 60 day grant liquidation period, but prior to the 90 days required by *N.J.S.A. 18A:66-90*. Accordingly, the expenditure was made in accordance with State law (90 days) and properly recorded as obligated and not expended and as an unliquidated balance in the current year's Final Report for all federal awards.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

Effective July 1, 2010 and thereafter, the bid thresholds in accordance with *N.J.S.A. 18A:18A-2* and *18A:18A-3* are \$36,000 (with a Qualified Purchasing Agent) and \$26,200 (Without a Qualified Purchasing Agent), respectively. The Board of Education has a qualified purchasing agent. The law regulating bidding for public school student transportation contracts under *N.J.S.A. 18A:39-3* is currently \$17,200.

The Board of Education has the responsibility of determining whether the expenditures of any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per *N.J.S.A. 18A:18A-5*.

School Food Services

The financial transactions and statistical records of the school food service fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis. No exceptions were noted.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process, the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner.

School Food Services (Continued)

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications on file, times the number of operating days, on a school by school basis. The free and reduced price meal and free milk policy was reviewed for uniform administration throughout the school system. The required verification procedures for free and reduced price applications were completed and available for review.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

Time sheets were reviewed and labor costs verified. Payroll records were maintained on all School Food Services employees authorized by the board of education. No exceptions were noted.

Cash receipts and bank records were reviewed for timely deposits.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of school food service. Net cash resources did not exceed three months average expenditures.

Food Distribution Program commodities were received and a separate inventory was maintained; however, we could not ascertain that it was maintained on a first-in, first-out basis.

Finding 15-01:

The Food Service Fund (Proprietary Fund) has a deficit Net Position at year end.

Recommendation:

That the Board of Education budget sufficient funds in the subsequent years budget to fund the deficit in Net Position in the Food Service Fund.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Fund Financial Statements, Section B of the CAFR.

Aquatic Center Fund

The financial transactions and statistical records of the Aquatic Center were maintained in satisfactory condition.

Time sheets were reviewed and labor costs verified. Payroll records were maintained on all Aquatic Center employees authorized by the board of education. The cash disbursements records reflected expenditures for program related goods and services.

Exhibits reflecting the Aquatic Centers operations are included in the section entitled Fund Financial Statements, Section G of the CAFR.

Student Body Activities and Athletic Association

Our audit of the student activities and athletic funds noted no exceptions.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2014 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low-income and bilingual.

We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers with the following exceptions. The information that was included on the workpapers was verified. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2014-2015 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation-related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation-related purchases of goods and services.

Follow-up on Prior Year Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations. Corrective action has been taken on all the prior year findings with the exception of the following, which is repeated for the Food Service Fund in this year's recommendations noted as current year finding 15-01:

The Food Service Fund (Proprietary Fund) has deficit Net Position at year end.

Acknowledgment

We received the complete cooperation of all officials of the school district and we greatly appreciate the courtesies extended to us.
