## SCHOOL PURCHASING PROGRAMS

### Contracts and Agreements Requiring Advertisement for Bids

NJSA 18A:18A-3 States:

- "A. Any purchase, contract or agreement for the performance of any work or the furnishing or hiring of materials or supplies, the cost or price of which, together with any other sums expended or foreseeably to be expended for the performance of any work or services in connection with the same project or the furnishing of similar materials or supplies during the same fiscal year paid with or out of school funds, does not exceed the total sum of \$7,500 or the amount determined pursuant to subsection B. of this section, in the fiscal year or, in the case of purchases that are not annually recurring, in a period of one year may be made, negotiated and awarded by a contracting agent when so authorized by resolution of the board of education without public advertising for bids and bidding therefore."
- "B. Commencing January 1, 1983 and every two years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount set forth in subsection A. of this section in direct proportion to the rise or fall of the consumer price index for all urban consumers in the New York City and the Philadelphia area as reported by the United States Department of Labor. The Governor shall notify all Local school districts of the adjustment. The adjustment shall become effective on July 1, of the year in which it is reported."

NJSA 18A:18A:-4 States:

"Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of school funds, not included within the terms of NJSA 18A:18A-3, shall be made and awarded only by the board of education after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or calculated by the Governor pursuant to NJSA 18A:18A-3 except by contract or agreement."

Effective April 17, 2000, NJSA 18A:18A (Public School Contracts Law) was revised by PL 1999 Ch 440. The associated rules were drafted by the Department of Local Government Services of the State of New Jersey, with consultation from the Commissioner of Education of New Jersey.

Effective July 1, 2015 and thereafter, the bid thresholds in accordance with NJSA 18A:18A-3 (as amended) and 18A:39-3 is \$29,000 and \$18,800 respectively.

In accordance with 18A:18A-3a and NJAC 5:34-5 et seq. the Board of Education has appointed a "Qualified Purchasing Agent" which allows the Board of Education to increase the bid threshold and to grant the authorization to negotiate contracts below the bid threshold.

## SCHOOL PURCHASING PROGRAMS (Cont'd)

### Contracts and Agreements Requiring Advertisement for Bids (Cont'd)

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Our examination of the minutes indicated that contracts were awarded for the following:

Snowplowing	Classroom Conversion
Physical Therapy	Occupational Therapy
Contracted Services	Food Service Management

As the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Expenditures were reviewed, however, to determine whether any clear cut violations existed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory threshold where there had been no advertising for bids in accordance with the provision of NJSA 18A:18A-4.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per NJSA 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Chapter 114, PL 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that the following purchases were made through the use of state contracts:

Copier Lease  
Computer Supplies  
Computer Equipment  
Fire Alarm Repairs and Monitoring

Purchases were also made through cooperative agreements for the following:

Fuel Oil  
Insurance  
Natural Gas  
Transportation  
Paper Supplies  
Electric Generation  
Superintendent Services  
Business Administrator Services

## ADMINISTRATIVE PRACTICES AND PROCEDURES

### Insurance

Fire and other insurance coverage evidenced by policies was carried in the amounts as reflected in the Insurance Schedule included in the District's Comprehensive Annual Financial Report.

Adequacy of insurance coverage is the responsibility of the Board of Education.

### Official Bonds (NJSA 18A:17-26 18A:17-32)

Surety bond coverage in force during the period was:

<u>Name of Employee</u>	<u>Position</u>	<u>Amount</u>
Dawn Huff	Secretary/Business Administrator	\$ 200,000

## FINANCIAL PLANNING, ACCOUNTING AND REPORTING

### Examination of Claims

An examination of claims paid during the period under review indicated nominal discrepancies with respect to signatures, certification or supporting documentation.

### Special Federal and/or State Projects

Special Federal and State Projects of the District are reflected on schedules K-3 and K-4 included in the Comprehensive Annual Financial Report.

Our examination of the Special Projects, on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits contained within the CAFR represent a true statement of the financial position pertaining to the aforementioned special projects.

### Payroll Account

The net salaries of all employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

Salary withholdings were promptly remitted to the proper agencies.

All payrolls were approved by the Chief School Administrator and were certified by the President of the Board and Board Secretary/School Business Administrator.

## **FINANCIAL PLANNING, ACCOUNTING AND REPORTING (Cont'd)**

### Reserve for Encumbrances, Liability (Current) for Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, for goods not yet received or services not yet rendered and it was determined that no blanket purchase orders were included in the balance of the reserves for encumbrances. Also unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

### Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with NJAC 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with NJAC 6A:23A-8.2. As a result of the procedures performed, a nominal transaction error rate was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

### Board Secretary's Accounting Records

The records of the Board Secretary were maintained in good order.

### TPAF (Social Security) Reimbursement

Our audit procedures included a test of the biweekly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

## **SCHOOL FOOD SERVICE**

### Food Service Fund

The financial transactions and statistical records of the school food service fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

Cash receipts and bank records were reviewed for timely deposit.

The District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with NJSA 18A:17-34, and 19-1 through 19-4.1. Provisions of the FSMC contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will realize a \$7,000 profit. The operating results provision has been met.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

## SCHOOL FOOD SERVICE (Cont'd)

### Food Service Fund (cont'd)

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did exceed three months average expenditures.

Finding: The District's net cash resources for the Food Service Fund exceeded three months average expenditures.

Suggestion: The District should take measures to reduce the net cash resources of their Food Service Fund program to an acceptable level as per state regulations.

The number of meals claimed for reimbursement was compared to sales and meal count records. As part of the claims review process the Edit Check Worksheet was completed. Reimbursement claims were submitted and certified in a timely manner.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications and/or to the list of directly certified students on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy was reviewed for uniform administration throughout the school system. Sites approved to participate in Provisions I and II were examined for compliance with all counting and claiming requirements. The required verification procedures for free and reduced price applications were completed and available for review.

Food Distribution Program commodities were received and a single inventory was maintained on a first-in, first-out basis. No exceptions were noted.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds, Section G of the CAFR.

### Schedule of Meal Count Activity

<u>Program</u>	<u>Meal Category</u>	<u>Meals Claimed</u>	<u>Meals Verified</u>	<u>Difference</u>	<u>Rate</u>	<u>Over)/ Under Claim</u>

## **APPLICATION FOR STATE SCHOOL AID**

Our audit procedures included a test of the information reported in the October 15, 2014 Application for State School Aid (ASSA) Data Listing for on-roll, private schools for the handicapped, and transportation. We also performed a review of the district procedures related to its completion. The information on the data listing was compared to the district work papers with nominal exception as noted in the audit. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained work papers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

## **PUPIL TRANSPORTATION**

Our audit procedures included a test of on roll status reported in the 2014-2015 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility summary report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

## **SCHEDULE OF FINDINGS OF NONCOMPLIANCE**

There were no findings of noncompliance as a result of this audit.

## **TPAF Reimbursement to the State for Federal Salary Expenditures**

The reimbursement to the State to reimburse for the TPAF/FICA payments made by the State on-behalf of the District for those employees whose salaries are identified as being paid from federal funds was made prior to the 90 days required by NJSA 18A:66-90. Accordingly, the expenditure was made in accordance with State law (within 90 days).
