

## Bringing the leading superintendents and district teams from across the Tri-State Area to interact with the most creative edtech entrepreneurs

Superintendents & their teams will collaborate on three important take-aways:

- Deeper familiarity with critical innovative technologies
- Developing a roadmap for assessing why and when you consider new technology in your district
- Networking opportunities with team members and leading Tri-State region educators

## Summary Agenda

<b>Driving Question</b>	How do we use technology in a collaborative environment with input from all stakeholders?
<b>Opening Address and Ignite Talks</b>	Hear from Tri-State Educators about the innovative ways they have implemented technology in their schools. <ul style="list-style-type: none"><li>• Joshua Koen, Newark Public Schools "Transformative Technology"</li><li>• Erin Mote, Innovate EDU NYC "Personalizing Math Instruction"</li><li>• David Janosz, Northern Valley Regional HS District, NJ "Instructional Practices Supported by Technology"</li><li>• Andrew Ackerman, Dreamit Ventures "EdTech Accelerators"</li></ul>
<b>Priority Setting Workshop</b>	Superintendents and their teams engage in learning and communication around their edtech needs & focus areas
<b>Edtech Playground</b>	Dedicated time for district leaders to meet with 20-30 edtech companies, ask questions, and share feedback
<b>Focus Panels</b>	Participating districts highlight innovative tech initiatives.
<b>Call to Action</b>	Meet with colleagues from other NJ, NY & CT districts to set the path for future innovation
<b>Team Time</b>	Superintendents, Directors of Curriculum, CTOs and 1 or 2 teacher leaders from New York, New Jersey, and Connecticut districts will get precious time to work together

**\*Extra! Pre-Summit registration & reception (Thurs night at the Sheraton Mahwah from 7-9PM)**

**"Preparing our educators to address changes in the education landscape and how to best leverage the intersection of technology and pedagogy is critical. I am attending the EdSurge Summit to identify cutting-edge best practices in the field and to understand what edtech innovators are developing to address the needs of teachers and students in the classroom."**

- Richard Kuder, Superintendent of Wyckoff Schools
