

Coordinated School Health Grantee and School Partners 2012-2013

On July 1, 2010, the New Jersey Department of Health (DOH) has funded three regional grants to expand the Department of Education (DOE's) CDC Cooperative Agreement for implementing the Coordinated School Health (CSH) model. Center for Prevention & Counseling, Empower Somerset and AtlantiCare Foundation.

NJ Vision: New Jersey children are healthy and ready-to-learn in a school environment that supports wellness and offers opportunities for healthy choices

CSH has the overarching goal of increasing the number of New Jersey schools that use the CDC's eight component model to:

- Goal 1** Improve the physical, mental/environment and social well-being of students, school staff and its community using data-driven and best practices or evidence-based programs and services.
- Goal 2** Develop or strengthen and sustain local capacity for a CSH system through effective leadership and use of multi-communication approaches, strategic partnerships that include youth, and funding development.

The grantees and their school partners are:

Grantees	County	School District	Schools
