

NJDHSS Pan Flu Plan – Partner Chart

This chart provides a bird's-eye view of when the NJDHSS Influenza Pandemic Plan requests that Public Health Partners take a key action. Not all actions in the plan are listed. The chart lists only those NJDHSS Situations where these actions are initiated. Previous actions are continued as appropriate.

NJDHSS SITUATIONS	LINCS AGENCY	LHD	HOSPITAL	HCP	Primary care/ FQHC	Home Care	LTCF and Rehab, LTC Acute, & Specialty Hosps	Other
1/2 A								
Surveillance								
Monitor other Surveillance Systems	X							
Conduct ILI Surveillance			X				X	Schools
Guidance and Follow Up on Exposed Persons		X						
Laboratory Diagnostics								
Submits Test Specimens to Virology			X	X				
Health Care Planning								
Devote appropriate resources to pandemic planning			X	X	X	X	X	
Develop written agreements to ensure coordination of resources between sectors outside agency			X	X	X	X	X	
Write Pan Flu plan using appropriate guidance			X	X	X	X	X	
Develop role as screening, triage, and treatment sites during pandemic					X			
Infection Control								
Integrate infection control policies and procedures into the written plan for pan flu	X	X	X	X	X	X	X	Non-Healthcare Entities
Ensure that staff has access to and are screened and fitted for PPE	X	X		X	X	X	X	Non-Healthcare Entities
Develop just-in-time infection control training	X	X		X	X	X	X	Non-Healthcare Entities
Stay updated on infection control	X	X		X	X	X	X	Non-Healthcare Entities
Clinical Guidelines								
Prevent influenza and its associated complications in target groups			X	X	X	X	X	
Administer pneumococcal vaccines to target groups			X	X	X	X	X	
Provide antiviral chemoprophylaxis to contacts			X	X	X	X	X	
Detect and report cases of novel influenza			X	X	X	X	X	
Manage case-patients suspected of being infected with novel flu			X	X	X	X	X	
Educate patients about self-care			X	X	X	X		
3A								
Vaccine Distribution and Use								
Ensure RSS sites are in compliance	X							
Community Disease Control								
Collaborate for operational plan on community control	X	X	X	X	X	X	X	All Sectors
Conduct at home patient/contact follow up	X	X				X		
Develop coordinated community containment plans	X	X						
3B								
Public Health Communications								
Forward public information messages to LHDs	X							
3C								
Surveillance								
Implement contact tracing	X	X	X	X	X	X	X	
Community Disease Control								
Provide instructions to potentially exposed individuals		X						
3E								
Health Care Planning								
Review and update flu plans			X	X	X	X	X	
Develop just-in-time training			X	X	X	X	X	
Infection Control								
Stay updated with information on infection control	X	X	X	X	X	X	X	Non-Healthcare Entities

NJDHSS SITUATIONS	LINCS AGENCY	LHD	HOSPITAL	HCP	Primary care/ FQHC	Home Care	LTCF and Rehab, LTC Acute, & Specialty Hosps	Other
3E (cont.)								
Vaccine Distribution and Use	X							
Activate RSS and vaccine administration sites	X							
Work with law enforcement for security								
3F								
Vaccine Distribution and Use	X							
Receive and distribute vaccine	X							
Activate MRC	X							
Activate vaccine administration sites	X							
Report damaged product	X							
Collect CDC required data								
4A								
Surveillance	X	X						
Report case counts								
Antiviral Drug Distribution and Use	X		X					
Standby to activate antiviral LAD sites								
4C								
Surveillance		X	X					
Obtain patient outcome data								
Antiviral Drug Distribution and Use	X							
Assist in the transportation of medication	X	X	X					
Work with OCOM to provide public information	X							
Implement local security plans								
Community Disease Control	X	X				X		
Implement home isolation of patients								
5A								
Clinical Guidelines			X	X	X	X	X	
Vaccinate target groups								
Community Disease Control	X	X						
Work with ISP to evaluate effectiveness of community containment measures								
5B								
Surveillance	X							
Evaluate containment measures data								
6								
Community Disease Control	X	X						
Work with ISP to evaluate effectiveness of community containment								
Between Waves								
Surveillance	X	X
